THE DAILY NEWS.

Newport:

FRIDAY, JANUARY 21, 1815.

BY O. F. JACKSON, 34-THAMES ST.

Advertisers will please bear in mind that the circulation of the DAILY NEWS is more than DOUBLE that of the Daily Herald, and greater than the combined circulation of the Daily and Weekly Herald. As one proof of this fact, the list of letters remaining in the Post-Office is advertised in the NEWS, as BY LAW REQUIRED.

We have every reason to believe that with the approach of another gay summer will come that scourge of our race, the Asiatic Cholera. It has been approaching the Western shores of Europe from the far East, during the last six months, steadily and surely, and the capitals of England and France have been putting their households in order, as if for the reception of a distinguished guest. The streets have been thoroughly cleansed, and all possible signs of filth have been carefully removed. At last, it has reached London, and it must inevitably cross the Atlantic, and commence its work of desolation on our shores by July next.

In 1822, when the old world was trembling beneath its mud and desolating march, we reposed in vain security, consoling ourselves with the idea that the broad Atlantic was an insuperable barrier to this dread foe; but alas, it suddenly and mysteriously appeared among us, and thousands of our countrymen were prematurely cut down by it. Our large cities became hospitals, and, at one time, New York was almost a Lazar house of disease. The only course to be pursued, is for the authorities of all of our large cities, as well as small towns, to prepare for the foe. The cholera cannot long prevail where there is cleanliness in all things; but if this is neglected, millions must be buried to an early and sudden grave, and our fair country hung with the habiliments of mourning, from one extreme to the other.

"Dust to Dust."—Millions of human bones, says an English paper, have been transported to Hull, for agricultural purposes. These were collected on the plains of Leipzig, Austerlitz and Waterloo. With these were mixed the bones of the horses, and both were ground to dust, sent to Doncaster, and sold for manure!

And this is human glory! These are the wreaths that the triumphant conqueror of a bloody battle-field places on his brow! More than twenty thousand human beings yielded their breath at Leipzig. At Austerlitz more than two thousand soldiers fell at one single discharge of Soult's batteries; and at the close of that terrible day, the field was covered with the bodies of more than thirty thousand, cold in the embrace of death; and even a larger number were left upon the field of Waterloo. At the battle of Drinestein, on the banks of the Danube, more than sixty thousand men were piled in heaps on the ground. When Marshall Mortier blew up the Kremlin at Moscow, thousands were buried into the air, amid the ruins of that magnificent palace.

A change has taken place in the Ministry of Holland. Smets has been elected President.

The money market continues to improve and but few failures have taken place.—Bank helath is increasing rapidly, the amount on hand is estimated at twelve mil lions. The bank rates of interest are reduced to five per cent, and bill brokers to four per cent. The bank of France, it is expected, will reduce her rates to four per cent. Consols sights 5-3-8

In his speech, the King says—My relations with foreign powers give me confidence. The peace of the world is secured. My Government has an understanding with England, Austria, Prussia and Russia, and an offer of mediation to Switzerland has been made. All allusions to the Pope entirely omitted in the King's speech.

Dissensions existed in the Spanish cabinet.

A Challenge to the Herald.

The Daily Herald contained the following announcement yesterday:

The circulation of the Daily Herald is twice as large as that of any other Daily Paper in Newport, and the combined circulation of the Daily and Weekly Herald SIX times as great as that of any Daily Paper in town.

We defy the proprietor of the Daily Herald to make a public statement under oath of the circulation of his paper; and if he can prove a single fact of the above assertions we will pay him FIFTY DOLLARS in cash forthwith; and if both of them, we will pay him ONE HUNDRED DOLLARS.

Now for FACTS, it he dare accept the challenge.

[Extract of a letter from Dr. Williams of Vt.] Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect. For sale by R. J. TAYLOR.

MEDICAL CASES OF THE WILD CHERRY.—Ever since the settlement of America, Wild Cherry has been known to possess very important medicinal virtue. Every body knew this fact, but nobody knew how to extract its essential properties.

Every mother gives Wild Cherry to her children for worms, for colds, and for almost every disease; and adults throughout our country are in the habit of making a compound or syrup of wild cherry bark, and other ingredients, to be used in spring as an antidote to complaints incident to that changeable season. It is found by experiment that the wild cherry possesses even far more important qualities than was ascribed to it. For the first stages of Consumption, Asthma, no matter how long standing, Coughs, Liver Complaint, etc., it is proved to be the best medicine known to man.—Dr. Wistar's Balsam of Wild Cherry is a chemical extract, combined with a similar extract from Tar, which enhances its value. It succeeds in curing Pulmonary disease, in almost every stage, after our best physicians could do no more, has astonished the faculty, and led them to confess that Wistar's Balsam of Wild Cherry possesses a principle hitherto unknown among medical men.

None genuine, unless signed L. BUTTS on the wrapper.

CAUTION.—The public are particularly cautioned against being imposed upon by persons that are selling preparations of Sarsaparilla which they pretend have the same qualities as Brown's Sarsaparilla and Tomato Bitters. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of Brown's Extract of Sarsaparilla and Tomatoes, or Sarsaparilla and Tomato Bitters, is already known and appreciated by physicians and the public—particularly by those who have used them for Impurities of the Blood, bad Flavors, Serofluous diseases, Bilious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but this compound is the best alterative now in use. We have abundance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of Sarsaparilla, but a very strong extract of the best Spanish Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st., N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, For sale by R. J. TAYLOR.

To enable mankind to die of Old Age without Disease.—The public may not be aware that the Rev. B. Hubbard's Vegetable Pills are the very best Family Medicine existing; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in the time of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy certain, prompt, and efficient in warding off as well as curing disease. Stop Fever, Typhus Fever, Congestive and Bilious Diseases are rare throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a possessor of the blood; as safe, mild, and universal a remedy as these sovereign Vegetable Pills. THE 4th of August, in the year 1813, a singular
scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, de-
clared the following report:

"We are astounded at this singular preparation
where indeed will science stand! Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment, and even discolored skin! Where will
its might and singular power cease? The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the in-
fluence of its extraordinary power of clearing yellow
or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence
who, after reading the above, will doubt the
truth of JONES'S ITALIAN CHEMICAL SOAP,
in curing Pimples, Blisters, Sore Rheum, Scurvy,
Erysipelas, Sore Heads, Old Sores, Beard and
Barber's Ich, Chapped and Tender Flesh, Freckles,
Tan, Sunburn, and changing dark sunburn or
yellow skin to pure, clear white, as smooth and
soft as an infant's, and in fact every kind of erupti-
tion and disfigurement. Read these certificates:

[From the N. O. Seminary Oct. 1814.]

One of our subscribers, Mr. H. Leonard, in-
forms us that he has been cured of old, ac-
tive Sulfur, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones's Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
cured of carbuncles and pimplies, which he was
afflicted with for many years, by a cake of

Jones's Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones's Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much disengaged to try the genuine

we say to such, try this once—you will regret it,
but always see that the name of T. JONES is
on the wrapper. For sale in Newport by

DAVIS'S PAIN KILLER for sale by the

The great and only Successful Remedy for the cure of Consumption,
IS Dr. E. W. Vondersmith's INDIAN COUGH BALM and LUNG BALSAM.
Disease of the Lungs and Throat cure.
White Plains, April 29, 1817.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunat catarrh applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vondersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow fetid matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every one to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 19, 1817.

Dr. Vondersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing spells, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vondersmith's Indian Cough Balsam and Lung Balsam. I consented; when I used it about one week, my cough decreased considerably, which gave me great hope. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vondersmith's invaluable medicine, that I would be wandering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON,

Consumption.

Staten Island, June 10, 1817.

Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vondersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours, &c., ROBERT WILLSEY.

HIRSHARD's Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them.—You do not find that one of these pills does more good than four to six of any other kind, even by agent stands ready to receive the empty boxes and *refunds* of the money.

These Pills are recommended as being without an equal in all Bilious attacks, affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. Also in old chronic affections, as: Dyspepsia, Sick Headache, Rheumatism, &c.—Mind the Directions, which go with each box.

Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pill are purely VEGETABLE, and may be taken under all circumstances, without regard to drink or diet.

Hyer's Pills.
The American Improved Hygeian Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.—
This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by excessiveness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties.

During the last twenty years it has worked its way into extensive use, *entirely upon its own merits*, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—say occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and *knows it to be equable in most of the complaints incident to the human system*. But a long or extravagant commendation is not designed or needed here. Ten thousand mere *assertions* in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then, Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feel the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scars, Dandruff, and other cutaneous diseases, dispenses the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, bath on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 928 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by Wm. Bogle, accompanies each bottle.
